Letter of Recommendation
for
SUE PRIOR

December 2016

To: Anyone in the San Luis Obispo area considering engaging a person to assist with various "senior services" [household tasks of doing laundry, changing bedding, preparing light meals, etc.; transporting you to medical appointments, restaurants and fun outings; assisting with correspondence, filing, balancing checkbooks/writing checks; etc.] to be performed by a person who specializes in getting the job done/problem-solving and enjoys helping others in need .. I would highly recommend SUE PRIOR.

I first met Sue in 2014 when she was assisting a lady who lived in an adjacent apartment with tasks including shopping for groceries/necessities on a regular basis. My wife and I are both in our early 90s and when we had a need for someone to help us we contacted Sue Prior. Sue has helped us beginning in February 2016 and continues to assist me now that my wife lives in the Sydney Creek facility [for those requiring treatment for memory loss] as my Parkinson's Disease continues to take its toll on me.

SUE PRIOR is one of those rare intelligent individuals who looks ahead to do things to assist or make things easier for her clients and keeps the objectives in focus ... a truly gifted person who sincerely enjoys being of service to her fellow man/woman.

Sincerely,

C. Richard "Dick" Ingels
